

The Weapon of Conversion

A chemical engineer challenges the Mother of God, and finds the “Tree of Life” he seeks...

Guy Murphy joins Focus TV’s Jaynie Harney, as he tells the autobiographical tale of how his inquiring, skeptical mind gave way to belief, after astonishing encounters with the Blessed Mother.

- **What does David’s slingshot prefigure?**
- **Can we locate the Tree of Life today?**
- **What weapon must we grasp, to counter society’s pull into mortal sin?**

Guy answers these questions and more, in the simple telling of his early journeys to Medjugorje, that paved the way to a life-long love for the Blessed Mother and our Eucharistic Jesus.

The tale is full of surprises, laughter and awe, as Guy shows how Heaven touches Earth miraculously, and how we, too, can experience this touch, today!
