

## Spiritual Exercise #45 to #54, the Fall of the Angels (#50)

At the Rosa Mystica Shrine Edmeston New York July 24, 2020.

The Rosa Mystica statue has three roses to replace the three swords in the Blessed Mothers Heart. It is a call to pray for priests. The white rose represents prayer, the red rose represents sacrifice, the golden rose represents penance. Many mystical graces are reported at the shrine. **The Memory:** What do I see, hear, feel? I am in heaven. I see the angel Lucifer. He is a large good angel. He is dressed similar to Saint Michael. He has a green breastplate. He has light brown hair. I look into his eyes. They are green in color. He has a very intelligent glance. His glance penetrates my eyes. He analyzes me with his super intelligence. I see him scan the other angelic creatures in Heaven. He analyzes them all then smiles and shows genuine affection. His eyes penetrate mine again, a light seems to come out of his as he analyzes me. He analyzes who we are, our capability to reflect God's light and our intelligence.

In Heaven we are all singing the praises of the most Holy Trinity. As we do that the love flows out from God onto us and it brings us peace and joy. I see millions and maybe billions of Angels. They are all a little different in their glory. Several choirs of Angels are present. The harmony is so pleasing to the ears. Love flows from the music.

The more glory the Angels have, the brighter they reflect the light and love of God. To reflect God's love is a joy, a privilege and a responsibility. Lucifer reflected a very bright light. His name means; "Carrier of light." God reveals to us that there will be a new choir of Angels called Seraphim. They will be created with a little more glory than the Cherubim.

As millions of Seraphim come into Heaven, the harmony is even more beautiful. There was more light, love, peace and joy in Heaven. As we praised and revered God together, we see waves of love in light flood Heaven and a wave of harmony praising God sounds even better. We receive love through the music, and we could listen to the song forever. Lucifer looks at the Seraphim, analyzes them, and then smiles.

God said that he was making a new choir of creatures called humans. We see billions of souls created by God. They are created less than the Cherubim (Psalms 8:5). The Cherubim were like small babies. They were not stupid, but their power and intelligence were not as great as the other choirs. They were numerous. They were innocent, yet happy and lovable like little babies. As a mother can love eight children in her arms and have superior intelligence yet still love them, the other Angels loved the Cherubim. Everyone was giving and everyone was happy.

God let us know that He plans to put the human souls on earth, and they will be given "Time to Merit." They can merit through prayer, sacrifice in penance and by receiving Jesus in Holy Communion.

Just then I saw a flash of the Rosa Mystica image with the white rose for prayer, the red rose for sacrifice and the gold rose for penance. The humans will be given a body to be united to their soul. When Lucifer heard that the second person of the blessed Trinity was going to also become a human, His eyes opened wide. Lucifer's intellect knew that some humans would use their free will to obtain more merit than others and there will be even a much greater diversity in Heaven. His superior intellect knows that everyone would benefit from this diversity and be filled with more light and love, including him, but he realized that he would no longer be the highest creature in Heaven, a small percentage of humans would have good will and would surpass him in glory. A spark of envy popped up in his heart, his intellect urged him to scatter it by praising God and God's superior goodness. Lucifer was slow in scattering the feeling of envy and started thinking, "Couldn't God make humans in a way that we are all even more happy, yet I would still be number one?"

The angels were called by God to help humans during their pilgrimage on earth, which would allow them to gain merit and eventually everyone would benefit. Lucifer kept thinking, "there has to be another plan, another way to make everyone happy while I remain number one. Lucifer saw the plan of humans receiving Jesus in Holy

Communion as a bride receives a bridegroom. Lucifer saw the union humans would experience with God. He saw the love and light penetrate their souls. He saw the level of light and glory that would increase with this union. He saw the merit or transformation that would happen each time they received Jesus worthily. Lucifer was the carrier of light, and now Jesus' Mother and all humans would be the "bearers of light." Jesus would physically live in humans and the two would become one. Lucifer's superior intelligence knew that this union would enable some to exceed him in glory. He would be happier but no longer number one. Lucifer did not scatter the ember of envy and pride. Lucifer thought he knew better than God. He incubated the ember and it started growing into a fire of envy that was consuming him.

Jesus came to Lucifer to help him. Jesus said, "Let Me help you to scatter that pride." Lucifer's superior intelligence was aware that if he did not scatter his pride, he would create a hell of torture for himself and others. It did not matter, his hatred for God was growing, Lucifer's pride drove him to want to be the number one creature. That position compared to others, became more important than his love for God. We see his face turning more and more red. Just the thought of humans receiving Jesus in holy communion tortured him. He yelled out with a frightful roar, "I will not serve!" (Jeremiah 2:20). Lucifer then communicated to the other angels and became the "accuser of God" (Revelation 12:10). Lucifer said to them, "God is unjust because He allows the humans to love Him more than us through sacrifice and Holy Communion." "We are victims of God's unjust plans! God is not good!"

The angels realize they will create hell if they rebel against God. Some Angels say, "We have it pretty good here, I don't feel like a victim. The alternative of hell does not look too pleasing." The pride, envy, and hatred grow to such a level that many angels start popping like popcorn when it is heated up. They change from beautiful creatures to grotesque burning red hot embers. As each one popped, they emitted an ugly sound of hatred.

For a moment, the beautiful harmony in Heaven had a bad sound to it. The sound changed from angelic music into screechy heavy metal rock music. Lucifer said, "Listen and follow me. My accusations are truth and justice. I am greater and smarter than God." At that moment, I saw St. Michael grab Lucifer by the back of the neck and say, "Who is like unto God?" (Psalms 113:5) and hurl him like a spear into hell. Lucifer's last words were, "I will kill the humans before I let them receive you in Holy Communion. As the Antichrist, I will kill every last one that tries to receive you in Holy Communion." Then Lucifer plunged himself into hell. A river of red fallen Angels followed him. The howling sound they made was frightening as 1/3 of the billions of angels followed Lucifer into hell. The heavens shook.

The good angels looked on with faces filled with horror and fright as they saw their companions, whom they loved, plunge into hell forever. It was only a brief moment, but the smell of sulfur, the sound of embers burning and the hatred in the howls left us all trembling. After a few moments, Jesus tells the good angels, "you passed the trial because you believed in My goodness and love." "You will be with Me forever." Jesus then smiled and said, "I can assure you that you will never ever fall into hell. You will always be with me forever and ever in Heaven."

Jesus then said, "I need you to help the humans on their pilgrimage on earth, so they have assistance along their journey on earth and arrive here with us in Heaven forever. Help them to appreciate the fact that their strength will come from Me through prayer, sacrifice, penance and Holy Communion. Lucifer has become the adversary or Satan. He misused his freedom and destroyed what was good in himself. Satan will try to confuse the humans and lead them away from Me and from uniting with Me in Holy Communion. You must protect the faithful ones that he wants to kill. Lucifer knows that if he kills them, he will end their time of merit. However, I will teach them that the sacrifice a martyr makes can produce a great merit for their souls. Heaven will be more beautiful than ever before as the Triumph comes. Thanks for trusting in my goodness."

Peace started coming back to the angels, but my heart was still beating fast. All of our eyes were opened wide as we attentively listened to Jesus.

**The intellect:** Satan will orchestrate his efforts to take Jesus away from humans in the holy Eucharist. The battle will get ugly. Do not listen to Satan's accusations. Believe in God's goodness and power and often think of being united with God forever in Heaven.

**The Will:** I make a resolution to become aware of things that make my heart envious and ask Jesus to help me scatter that immediately, as I strive to give glory to God. I will strive to appreciate the gift of Jesus Christ in the holy Eucharist more and share that knowledge with others. I will do a holy hour every day and think of the Rosa Mystica call of prayer, sacrifice and penance. I will think often of being with God, the Angels and Saints in Heaven forever after the Triumph. I love you Lord Jesus above all things. Amen.
